

Seventy Four

*The
Warrior*

THE
WARRIOR

1974

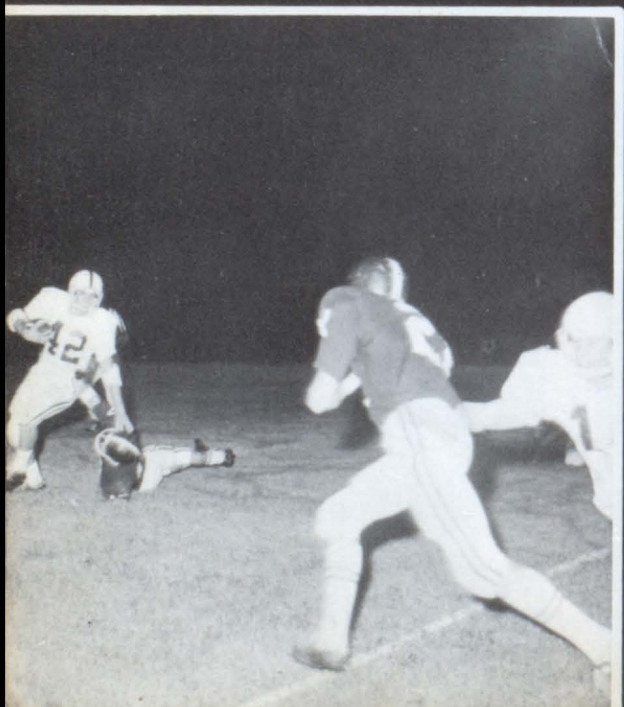

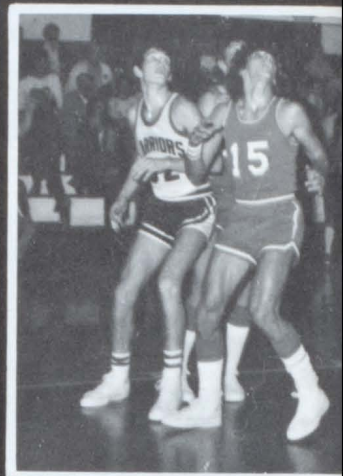

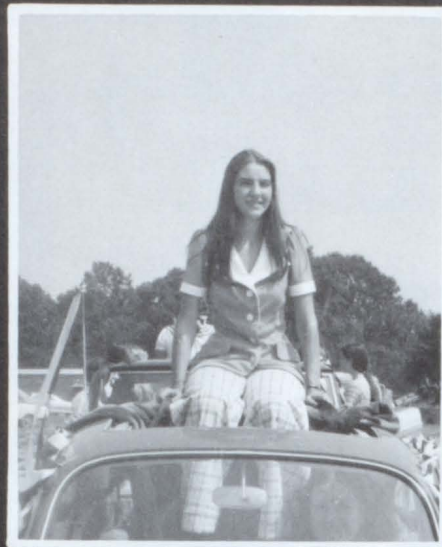

Cullman, Alabama

Blood,
Sweat,
and
Tears

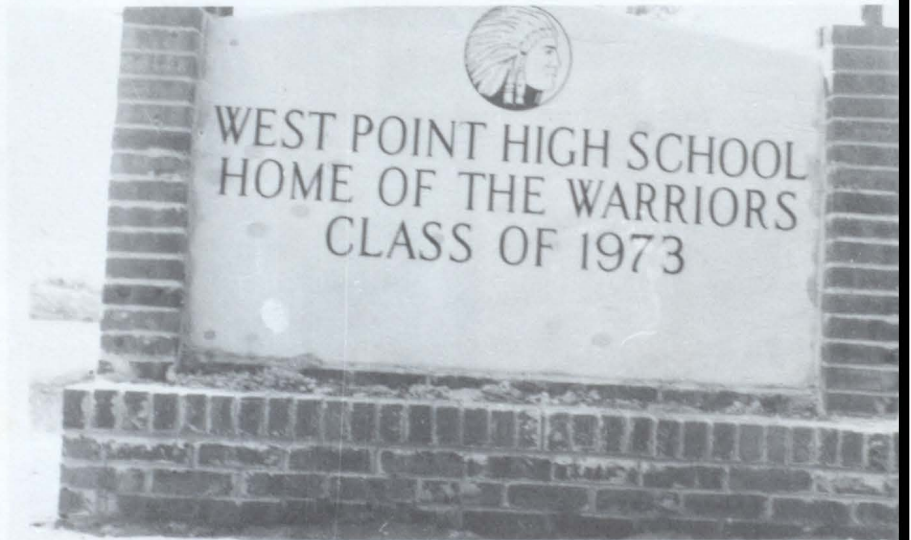

The place is our world. The year is 1973. 'Times are a changing,' new fashions, new fads, and new ideas. Everything but man is changing. Man must still face himself for what he is. He is, in fact, the only one that can decide his future.

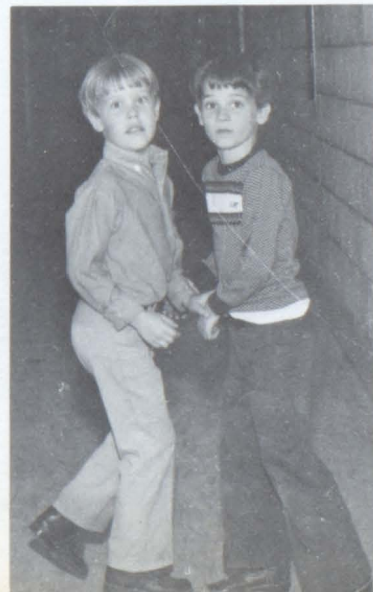

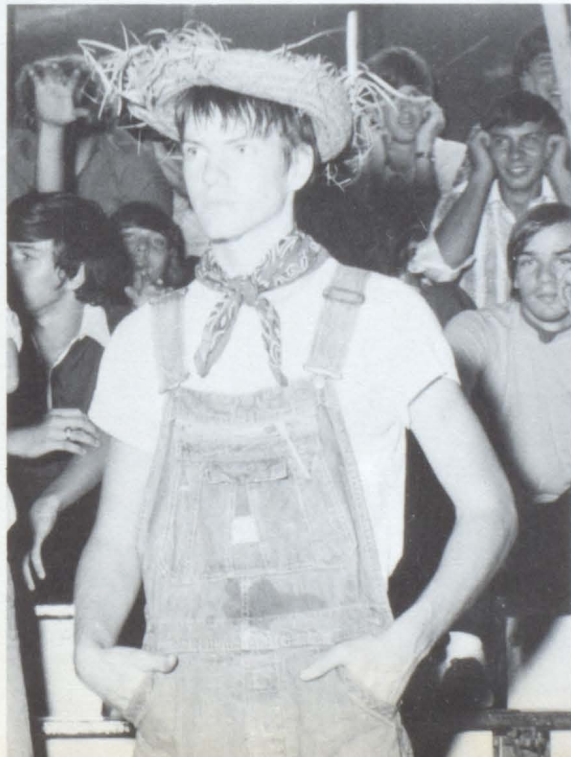

We at West Point are no different than any other student that has gone on before us. We must still make the ever present decision, "what will we do when we grow up?" Will our decisions be wise? We all hope for the best in life.

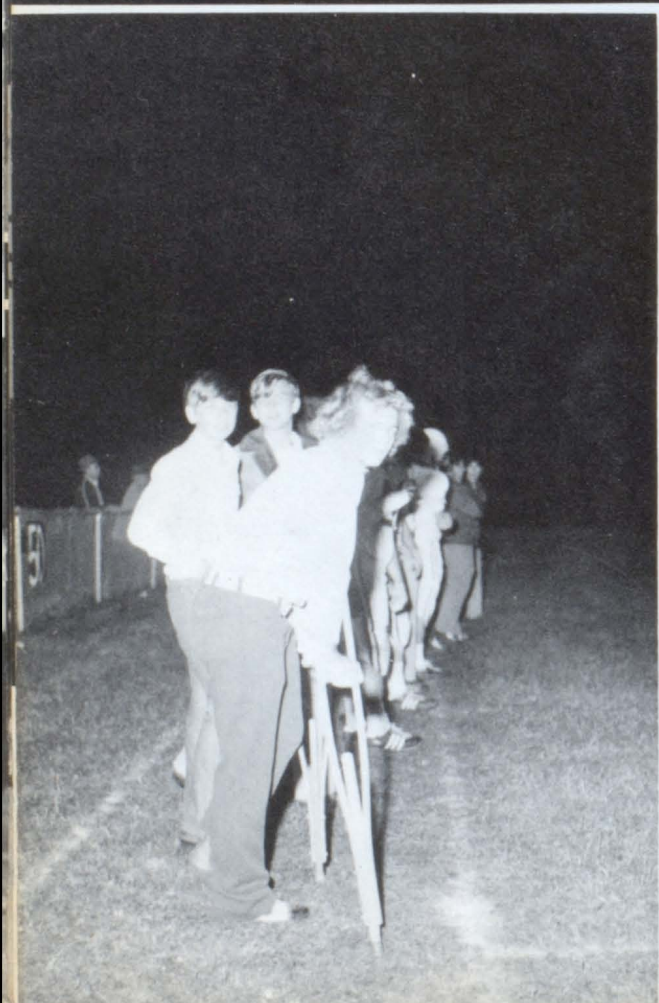

"Everybody needs somebody" is there such a thing as a nonconformist? In some ways we are like nobody else, in some ways we are like somebody else. In some

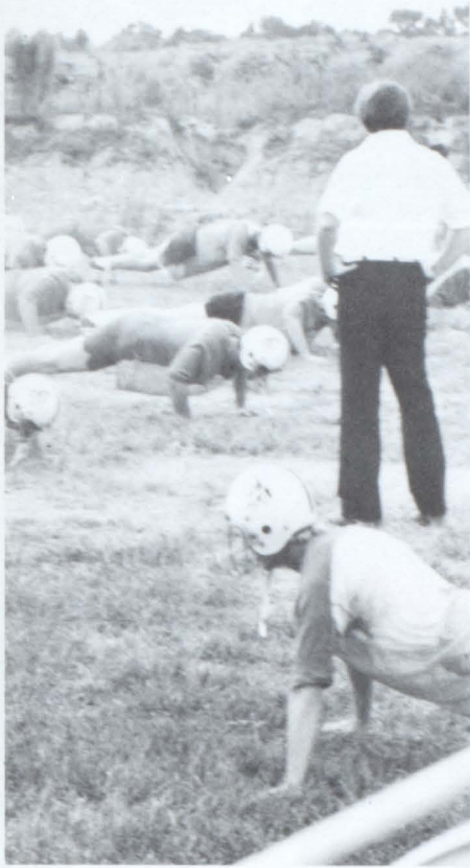

ways we are like everybody else. We're all conformists to the point that we all need to be loved and wanted.

You must believe in yourself and your ideals to become a person. To become someone you must stand up for what you believe. Reach high and try to be recognized as more than a drop in an ocean or a pebble on a beach

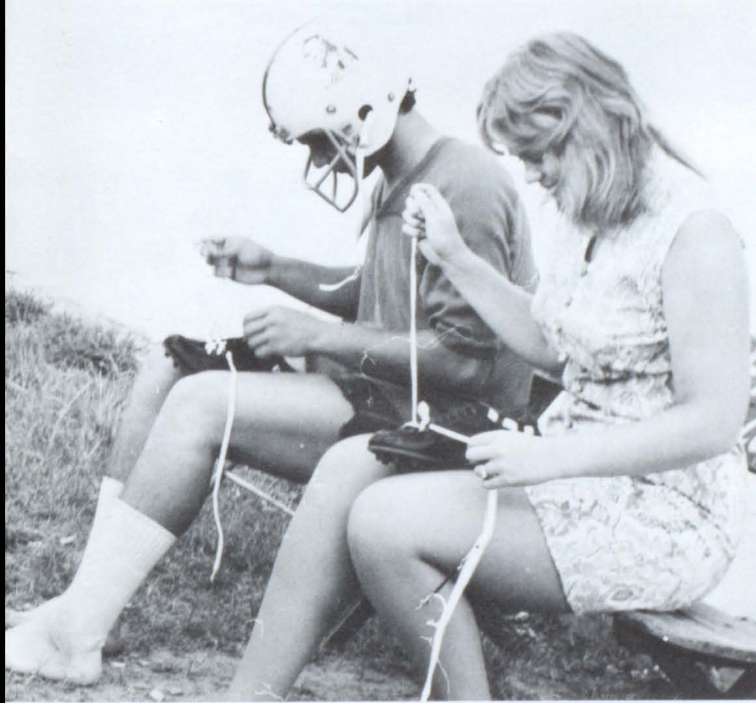

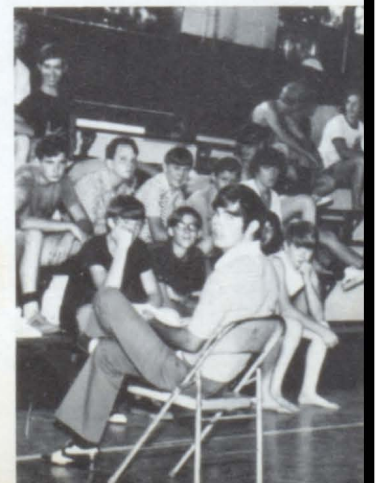

Everyday in school and out, we say things we don't mean. Untrue comments, forced smiles, why can't we say what we feel and stop play-acting in our serious game of life.

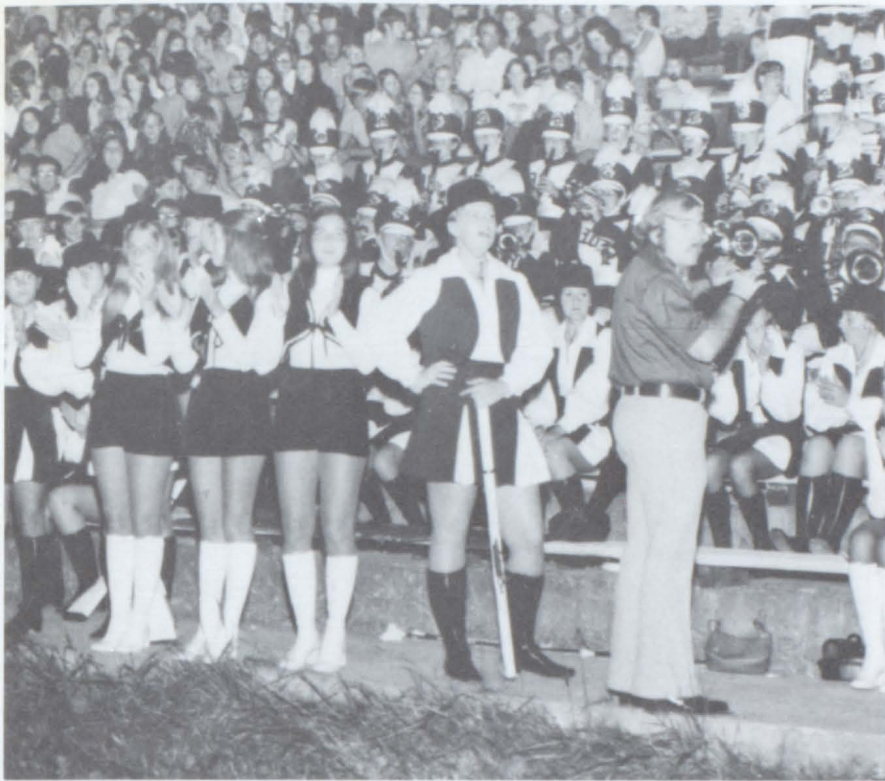

Smile and the world smiles with you! Whats wrong with telling a friend you love them? When your life is over, isn't it better to have had a life full of love and hope, than one of hate and desolation? Now in our young lives is the time to mold ourselves.

*We are different
persons, individuals!*

*You don't like my hair and I don't like
yours. You don't always agree with me and
I don't always agree with you.*

But aren't you

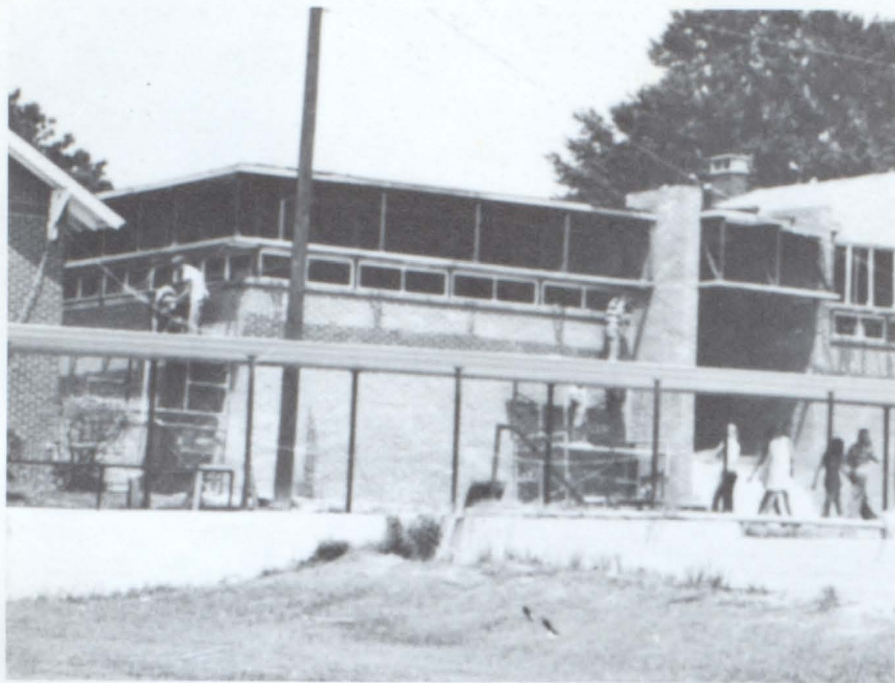

Glad we're friends.

On July 15, 1974 one of our dear classmates and friends, Johnny Thompson died in a construction accident.

Johnny will long be remembered and loved for his winning smile and happy outlook on life.

Though his life on earth was brief, he left behind many happy memories and many loving friends.
